

Yocha-De-He Golf Club
Cache Creek Casino Resort
Yocha Dehe Wintun Nation

"The Yocha Dehe Golf Club was designed with one main program element in mind; a flexible floor plan able to host multiple events in conjunction with the day to day operations, as well as host a Grand event, that fully utilized the Golf Clubs facilities. The NanaWall system was key to creating this flexibility while meeting our aesthetic sensibilities. In addition, it enabled us to seamlessly connect the exterior spaces to the interior, as well as adapt the public and private dining rooms, bars and exterior event terraces to host a variety of events in type and size and provide the Club's guest with a memorable experience."
